RENEW

One source for every flooring finish to suit a variety of applications, styles, textures, colors, and price points.

- Our expert staff will help solve any flooring challenge you have.
- We'll coordinate schedules with your facility manager or general contractor.
- We'll help communicate the plans and process for new flooring to your employees.

REUSE

We participate in a **national network that is diverting hundreds of thousands of pounds of carpet from landfills** across the country through recycling and reclaiming.

RESTORE

Lift systems for installing carpeting that reduce downtime when replacing carpeting in occupied spaces—no disassembly / reassembly required.

Planned maintenance programs that preserve and maintain your flooring and floor coverings, extending the life of your investment.
